

QUILT RAFFLE

My name is Susan Paterson. I have been living in Camrose and volunteering with Habitat for Humanity Camrose ReStore for 2 years. My passion is quilting and machine embroidery.

I decided that I needed to combine my passion for quilting and my work at Habitat into a fundraiser for this wonderful cause. THIS QUILT IS THE RESULT.

To help me with this project I approached Ardele Kerr, owner/operator of the local quilting store, *Quilting from the Heart*. She readily agreed to assist me and donated the time and craftsmanship with her longarm quilting.

On the back of the quilt you will see a square with a dedication on it. ***This quilt is dedicated to Kari Clements Bell, who was a friend of Ardele's and also the first recipient of a Habitat home in Camrose. Kari passed away in 2012 from cancer.***
